

Hi Janet and Sue,

The party was a hit with everyone. I think I have put ideas in some peoples head about having caterers, it was wonderful to have you guys there doing all of what you did for us, to help make it a great day for Larry. He was surprised, he had no idea it was for him!! I loved I was able to visit with everyone and not have to worry about anything. Everyone loved you and Janet; they kept saying how friendly and nice you both were which I knew you guys would be! I am glad you guys were able to be a part of it as well, and not just work. You guys did an amazing job, and I am so grateful to have had you both there. Believe me anytime I am going to do anything I will be calling you guys.

Talk to you soon.
