

Hello Janet & Susan.

Just wanted to say thank you for making sure that Dan and Matt's special day went off so well.

They had a lot of fun with their family and guests, just the way they wanted it to be. I am sure there were a few minor glitches but you were there and attended to them for us.

It was a wonderful day and the weather held off for the kids. We were so fortunate to have all of our family here from far and wide which made the day a lot of fun.

Thanks so much again....

Dale and Brian Wilson
